Lately we've seen some WILD claims coming from Vitti Labs. Who isn't suppose to be selling product, and kind of doesn't anymore.. But they do? What does this mean for you? What does this mean for your malpractice?

These are only my opinions please see the video for full disclaimer.

Tom Fox does Vitti sell any products directly? Since you are hiring could you answer this for us? Why do you work for Vitti corporate, and hire for gold prairie, while Vitti labs sits in the background?
